

Tourism & disaster prevention Free Wi-Fi Service has been started in Kutchan town

April 1st, 2017
Kutchan Town

In Kutchan town (Kutchan town, Abuta district, Hokkaido, town mayor Eiji-Nishie), by the “tourism & disaster prevention Wi-Fi station maintenance business, Kutchan 2016”, the maintenance of Free Wi-Fi service "Kutchan_Town_Wi-Fi" which everyone including foreigners visiting Japan can use it free of charge has been completed. And the service will be started from April 1st, 2017.

At the tourism base, for it is suitable for mobile environment, Wi-Fi will improve the convenience of tourists, such as foreigners visiting Japan.

At the disaster prevention base, we will attempt to ensure safety of visitors and residents at the time of disaster through highly disaster-prevention Wi-Fi.

Free Wi-Fi Sticker

※This sticker will be affixed to the Wi-Fi station pillar and facilities etc.
